"Rust in Peace"

Gorosh and other Island Junkyards, the 1970s:
A Black and White Photo Retrospective by Rick James

Rust in Peace is a black and white photographic essay that captures the bleak scrap piles of discarded technology on Vancouver Island in the 1970s. James' photos record the silent stacks of cars and trucks that were a source of parts for island mechanics and were local landmarks.

Rick James is an archaeologist and photographer living in Courtenay, BC.
